

QUOTES OF THE DAY

Dean Barker
Helmsman
Emirates Team New Zealand

The score line against Luna Rossa was flattering but we don't think anyone on the team ever dreamed or believed that we would get through the LVC against a team like Luna Rossa in the way we did. We are very pleased with the way we are going.

Luna Rossa Challenge

I think TNZ has a week when everything went their way, they sailed extremely well and were very difficult to beat. Each day we pushed as hard as we could but they did a great job of not getting too close to us and staying clean.

Torben Grael
Tactician
Luna Rossa Challenge

TNZ had a perfect week, they had a good package technically, good teamwork and they sailed smart. A little mistake from them might have changed the outcome of the finals but they did sail a good series and all we can do is congratulate them on their victory.

Francesco de Angelis
Skipper
Luna Rossa Challenge

I have to compliment the team because we arrived here and got to sail in the final of the Louis Vuitton Cup. We had a very strong adversary in front of us. The result doesn't really reflect the crew work and hard work the team made.
